Senior year is just around the corner! **Enochs High School has selected Shoob Photography as its OFFICIAL PHOTOGRAPHER.**

In order to meet yearbook deadlines, it is best to be photographed this summer. Summer sittings allow more time with the photographer and more pose options! You also have the option to wear multiple outfits and incorporate props to show off your personality and accomplishments.

** PLEASE NOTE: Additional dates will be scheduled later in the summer as well as after school starts. Free yearbook sittings will be available after school starts. Because free sittings take place during the school day, time with photographer is limited and outfit changes will not be available.*
